In the matter of: Nomination for Universal Service Administrative Company Board of  
Directors, CCDocket Nos. 97-21 and 97-45

Dear Chairman Genachowski:

On behalf of the Arizona School Administrators, Inc., representing 1400 school, district and higher education leaders in Arizona I urge your consideration of Dr. Daniel A. Domenech to the Universal Service Administrative Company (USAC) Board of Directors. Dr. Domenech is a logical and capable appointment to the vacancy created by the retirement of Anne Bryant.

With more than 40 years of experience in public education, including that of school district superintendent in both large and smaller districts, and as a senior officer in an education products company, Dr. Domenech is acutely aware of the crucial role the E-Rate plays in helping schools and libraries afford telecommunications connectivity. Dr. Domenech's leadership in his current position of Executive Director of the American Association of School Administrators, coupled with AASA's proven record as an excellent advocate for the E-Rate program is further evidence that his appointment will be a strong addition to the USAC Board of Directors.

Only one needs to look at Dr. Domenech's presence on others' boards for evidence of his contributions. He has or currently serves on the advisory board for the Department of Defense Schools, Baldrige Award, America's Promise and the Center for Naval Analyses, to name a few. Among others, he is chair for the Communities in Schools of Virginia, the learning First Alliance and the Board of Visitors for the College of Education at the University of West Georgia.

We believe Dr. Domenech's broad understanding of issues effecting student learning, school leadership, technology infrastructure and use, and public policy coupled with his professional work ethic and commitment to students, and those who serve them, make him an optimal representative for schools eligible to receive discounts.

Sincerely,

A handwritten signature in cursive script, reading 'Debra Duvall', written in dark ink.
